Dear Mr. Kuti:

The Joint Commission is pleased to award Health Care Staffing Services Certification to your organization, as a result of the reviews conducted between October 10, 2006 and November 8, 2006. We congratulate you on your efforts to provide high quality care for those you serve.

This certification is effective for two years from November 9, 2006, and is indicative of your program's compliance with consensus-based national standards and performance measurement and improvement activities.

We direct your attention to two important Joint Commission policies. First, except as required by law, your certification report is confidential. You may, however, choose to make it available to the various publics you serve or others. Second, Joint Commission policy requires that you inform us of any changes in the name or ownership of your programs, or change in the scope of services for your programs either directly or through written agreement(s).

Congratulations on your achievements of a certification of distinction under the Joint Commission's Health Care Staffing Services program.

Sincerely,

Russell P. Massaro, MD, FACPE  
Executive Vice President  
Division of Accreditation Operations
